Raiders Blank Generals 18-0

The Appomattox Raiders, behind the running of Glenn Doss, beat the William Campbell Generals 18-0 last Friday night in a Seminole District football game played at William Campbell. The win gives the Raiders a 4-5 record overall and 4-4 in the district.

Both teams had breaks in the first half, but neither team could take advantage and put points on the scoreboard, as the half came it was 0-0.

Doss put the Raiders out in front in the third quarter on his run and it was 6-0 favor Appomattox when the quarter ended.

In the fourth quarter it was 12-0 as Doss scored again and the extra point missed. One of the big plays of the game came when quarterback Mac Weaver hit Doss on the end of a long pass play that made it 18-0. The play covered close to 50 yards overall.

The Raiders got inside the William Campbell 10 yard line several times and failed to score, as it was either fumbled away or lost it on downs.

The Appomattox defense was led by Warren Coleman and Joe Johnson as they helped keep the Generals pretty much in control most of the night.

The Raiders take on the Altavista Colonels Friday night here at Appomattox in the last game of the season. The Raiders will be all out to win as a victory will enable them to play .500 ball with a 5-5 record for the season.

Varsity Little Leaguers To Play Benefit Game

The "Varsity" T Rebs of the Appomattox Little League was the only team to end their season with a perfect 7-0 record. Representing the Eastern Division in the tournament played against the Brookville Comets of the Western Division on Saturday night at Rustburg High School, this fine team lost out in Championship play by a score of 22-0. They are to be congratulated on their fine season and good sportsmanship.

The T-Rebs are slated to play a benefit game at the Appomattox County High School stadium on Saturday night at 7:30 p.m. when they will take on a team from Madison Heights of the same age and size group.

Admission for the benefit game will be 50c per person and all proceeds will go to benefit the Appomattox County Rescue Squad and the Appomattox Jaycees for their Christmas Shopping Tour. Please come out and see this fine team play and contribute to two good causes at the same time. Remember . . . game time if 7:30 p.m. at the ACHS stadium.

Players on the Varsity team, shown above, left to right on the front row, are Mark Pierce, Walter Mosley, Dwayne Scruggs, Mike Kelso, Staffon Lifford, Riggie Hamlette, Kenneth Burks, Andrew Kelso, Andy Poole, Frazier Goodwin, Jerry Harris and David Williams; second row from left to right, Ronnie Hardnick, James Paulette, Phil Paulette, Don Guill, Ernie Chenault, John Paulette, Larry Kelso, Barry Martin, Bill Vaughan, David Straton and Terry Harris; and on the back row, left to right, are Bill Chenault and Jack Layne, coaches, Tommy Moore, Bill Martin, John Rothgeb, Carl Watson, Christopher Johnson, Donald Parris, Freddie Mitchell, Timmy Martin, William Kelso and Fred Weakley, coach.

Arts & Crafts In Depot

With an estimated crowd of 5,000 on hand, the entire State of Virginia was represented and people were here from Massachusettes, Pennsylvania, Maryland, South Carolina and West Virginia. Possibly other states were represented, but these we are sure of.

If you like the idea of Appomattox Railroad Festival being an annual event let your Town Council know about it, we think it was great.

At a time when the crowd of people thinned out a bit, we were able to take a picture above inside the old Appomattox "Depot" and you can get an idea of the arts and crafts that were on display or for sale by local civic organizations, individuals and out-of-town people. Whatever you were looking for, we're sure you could find downtown on Saturday and Sunday.

In 1962 the median income ...farm families was $4,602 ...while the U. S. population ...was $8,247, a difference of $3,645. By 1972, farm family's income had climbed to $8,303 compared with $11,116 for all U. S. families--a spread of $2,813.

The incomes of farmers by 1972 were still well behind those of the rest of the population. Even to maintain the income gap at the 1972 level would require that farm family income increase at a faster rate than in the last decade.

Farm families, of course, have every right to ask, "Why shouldn't our income equal the U. S. average." Certainly the cost of doing business is much greater.

Pigs are being used in the alcoholics research study at the University of Missouri because their cardiovascular and respiratory systems and their young have similar nutritional requirements as humans.

When the pigs were given a choice of alcohol mixed with water, orange juice or cola they preferred alcohol and orange juice 19 to 1 over alcohol and water and 19 to 5 over alcohol and cola. I'm not sure what this proves at this point.
